On a test this morning (June 26, 1958) the wa	atar				
was 2'3" from top of ground with a discharge	from				
1½" pipe. I got 30 gal in one minute the					
drawdorm was IE foot love the 0178 to 15 min	•				
drawdown was 15 feet less the 2'3" in 15 min	ites.				
Water came back to 3'9" of top of ground in :	18 minutes.				
Savera Savera	***************************************				
Rating for pump is 1350 gal per hr. but today	y I got				
3000 man has					
1800 per hr.
